A View of A Home of One's Own would be a more complete exhibition title. Virginia Woolf's essay, *A Room of One's Own* (1929), examines, in part, the difference having one's own personal space and creative freedom would have on the work of a female writer of her day. Funds raised by this exhibition will help diverse groups of people have a safe, secure home of their own to facilitate family life, community, employment and creativity. The period we are presently living through make this exhibition timely and necessary. A-HOME's efforts to provide affordable housing has become critical as part of all of our efforts to maintain strong communities.

Mission

A-HOME is a not-for-profit community based organization that works to strengthen northern Westchester neighborhoods by providing people safe and affordable places to live – the foundation of a stable life.
